*Withstanding Supply Chain disruptions
& making EU Businesses more Resilient and Sustainable*

Our Vision

Our vision is to create a future where EU businesses are Resilient and Sustainable, capable of effectively navigating Supply Chain Disruptions and contributing to Economic stability and Growth in Europe.

Our Mission

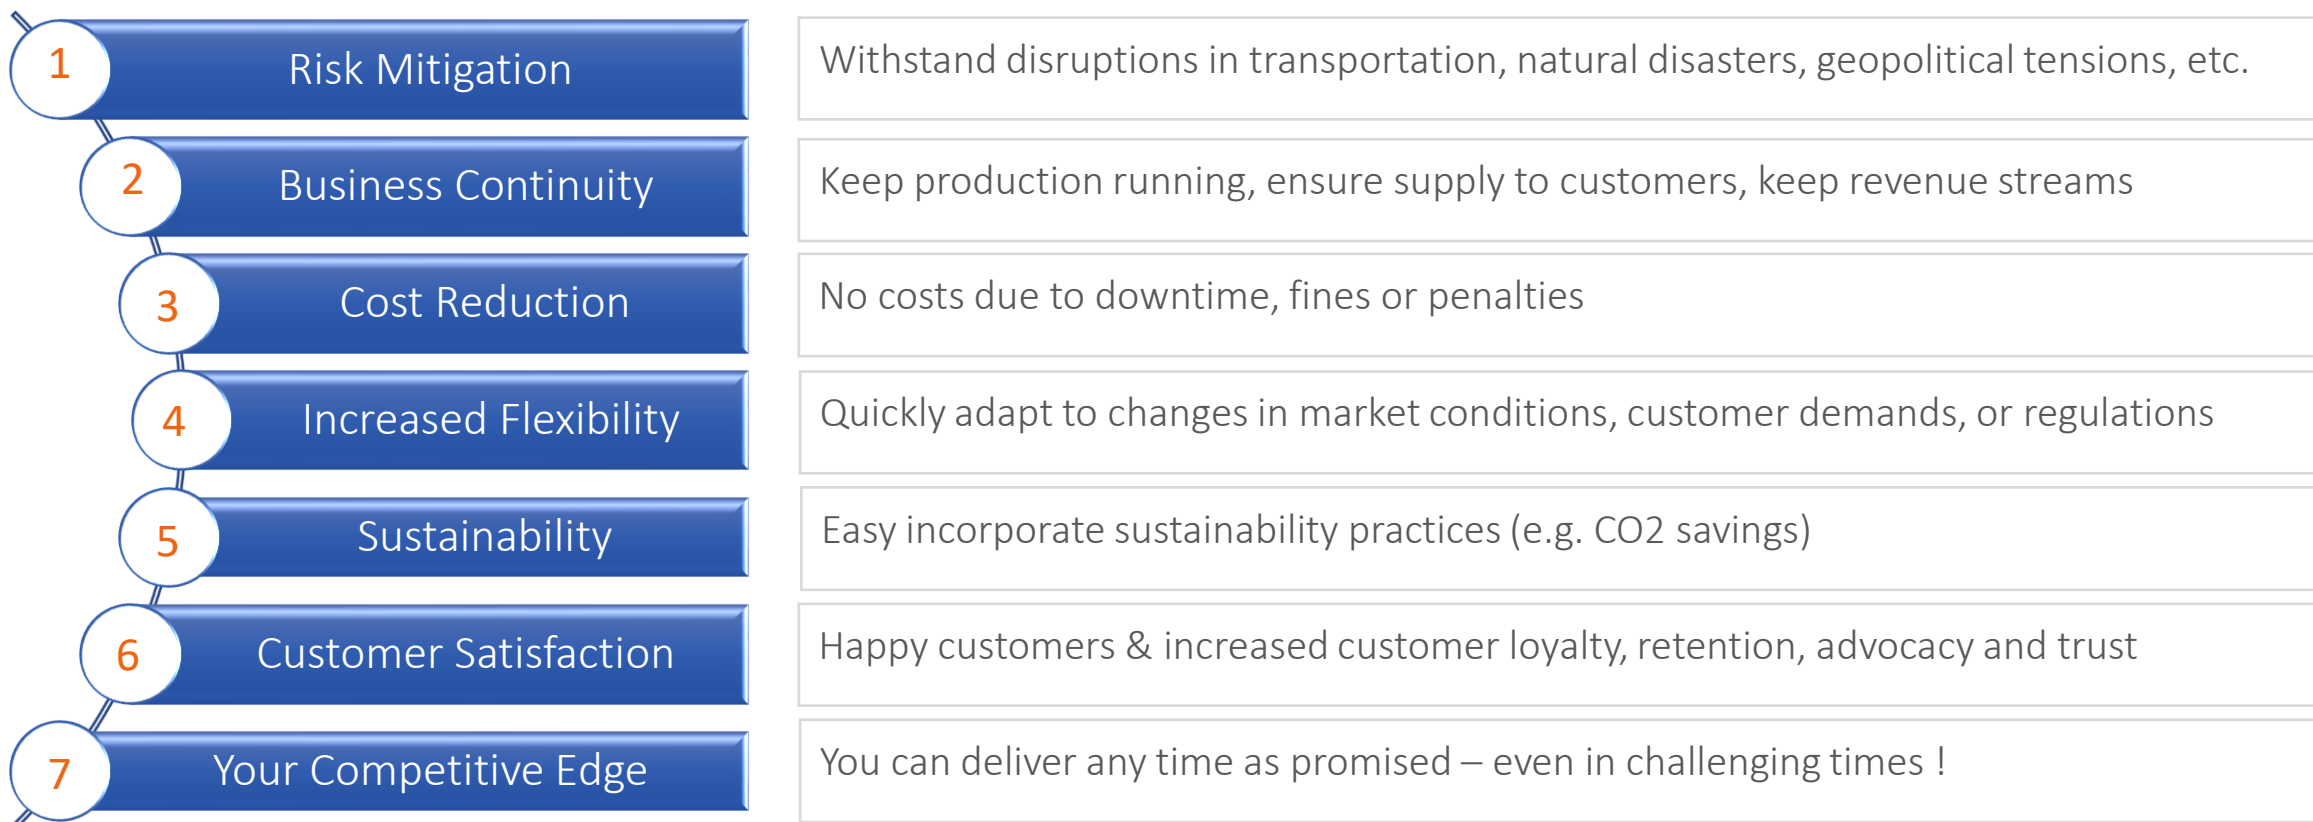

Our mission is to support SMEs in making their production processes and supply chains more resilient and sustainable through digital tools, further training and networking with tech-savvy SME.

What are “Resilient Supply Chains” ?

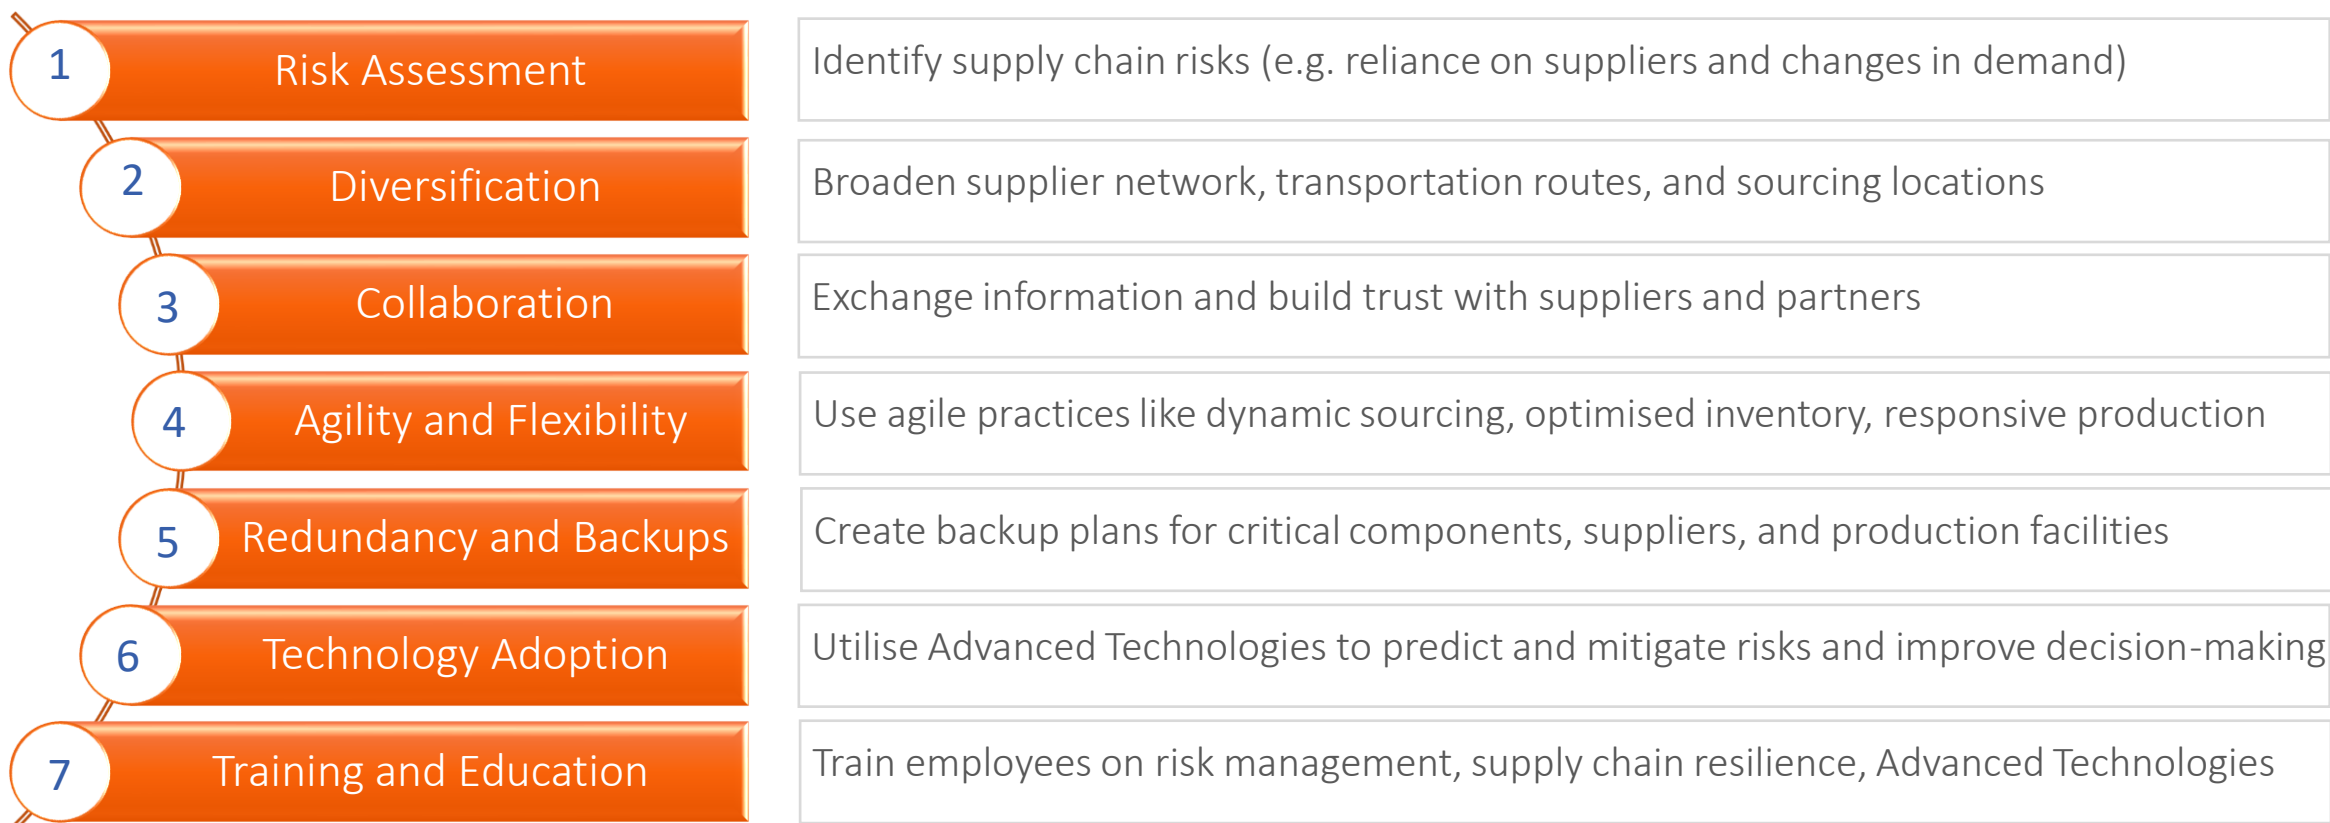

A “Resilient supply chain” is a supply chain system that
can withstand and adapt to various disruptions, challenges, or changes
while ensuring continuity of operations and minimise disruptions to the flow of goods or services.

A “Resilient supply chain” is characterized by its
flexibility, redundancy, transparency, and ability to quickly identify and mitigate risks.
